

Errata for NUREG-1940

The following is errata information for NUREG-1940 and NUREG-1940 Supplement 1 that has been discovered since the publication of the latter document in May 2015. Appendix A of Supplement 1 contains previous errata.

In NUREG-1940 Table 4-1 (Page 4-18), the deposition velocities for reactive gases are incorrect. The correct values are shown in the table below (yellow highlighting).
